

We present our VIII Course on Surgery for Obstructive Sleep Apnea (OSAS), postponed from Oct 2020 to June 2021.

During this **ENGLISH edition** of the course, we will review the advantages of drug-induced sleep endoscopy (DISE), as well as major techniques for tongue and palate surgery.

This is a theory and practice-based course: Come and join us with master class conferences, attend live-surgery seminars and participate in cadaver-dissection workshops.

REGISTRATION: **Limited to 16 participants for dissection.**

FEE: 1,000€. IT INCLUDES: our book on OSAS, conferences, surgical videos, attendance of live-surgery OR and participation in dissection.

Registration deposits to the following account:
BBVA ES79 0182 2082 17 0201553336
SWIFT BBVAESMM

Send your payment receipt via email (secretaria@ifmec.com), include your professional student information.
