

SIALOSS2025

9th Hands-On Course on Sialendoscopy San Sebastián, October 1-3, 2025

The 9th edition of the Sialendoscopy Course “SIALOSS2025” will take place from October 1 to 3, 2025, in the beautiful city of San Sebastián.

In this course we will explore the technique that has revolutionized the treatment of salivary gland obstructive pathology in the recent decades, learning from basic concepts like “how to develop a sialendoscopy unit?”, to advanced topics like “How to overcome technical challenges?” including all the potential applications. To achieve this goal, a recognized group of expert surgeons in this technique will share their experience and discuss topics such as diagnosis, indications, equipment, surgical technique, and complications.

Course start: October 1 at 3:00 PM/**Course end:** October 3 at 3:00 PM

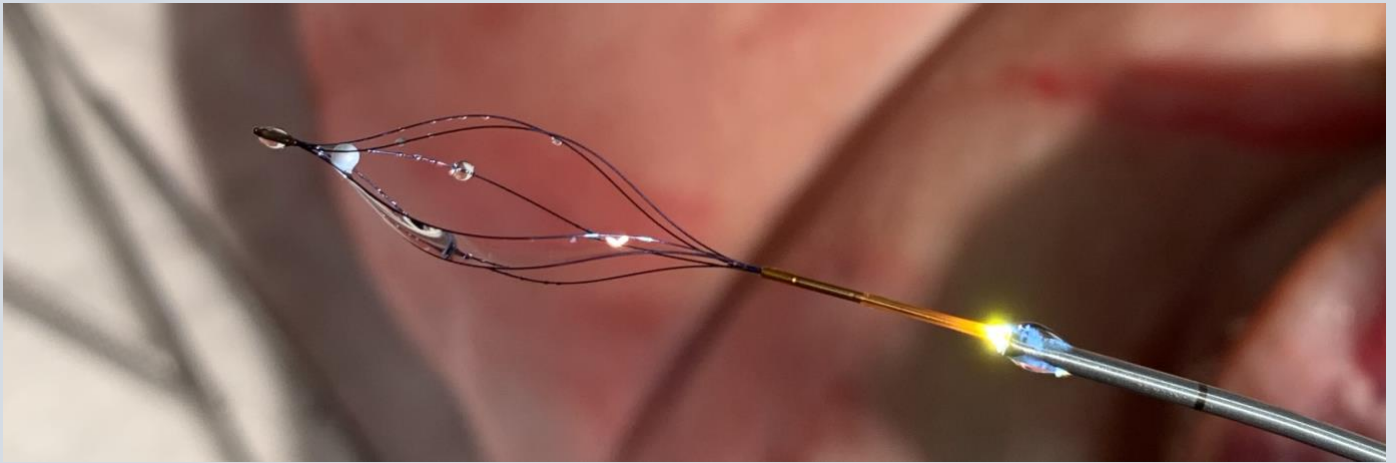

PRACTICAL WORKSHOP

Will be held at Biogipuzkoa Health Research Center
(Paseo Dr. Begiristain s/n, San Sebastián)
www.biodonostia.org

Here, participants will have the opportunity to practice sialendoscopy techniques using specialized optics on prepared pig heads and 3D-printed phantoms. We will practice access and navigation techniques within the ductal system, as well as the use of access ports, Dormia baskets for sialolith extraction, and duct dissection techniques for combined approaches.

12 workstations equipped with all the necessary materials to complete the procedures will be available for a maximum of 24 participants.

REGISTRATION

Register through the form available in the **training section** of the website:

www.sialoss.com

- *Once registration is completed, availability will be notified.*
- **Availability confirmation does not imply a reserved spot.**
